Miss M. Cunliffe

To: The Chairman and members of the Great Harwood Urban District Council

Mr. Chairman, Lady and Gentlemen,

I beg to submit the report on the work of the Health Department for the year 1969.

The birth rate, death rate and stillbirth rate are approximately the same as in the preceding year. Infant mortality shows a fifty percent increase but this figure means very little since the actual numbers involved are so small; in 1968 four children died under one year old, in 1969 six children. With such small numbers fluctuations are greatly magnified.

Infectious diseases presented no problems. Measles was prevalent; nowadays this is not a very serious matter as a rule.

The position as to tuberculosis is somewhat less satisfactory. Since 1958 there has been, as the graph shows, a precipitous fall in the incidence of tuberculosis, and indeed I remarked on this in my report last year. There has been, however, a rise in 1969 in the number of cases of respiratory tuberculosis. The actual number involved is small. Last year there were twelve cases of respiratory tuberculosis on the register of whom two were Commonwealth immigrants. This year there are sixteen, of whom six are Commonwealth immigrants. Thus it will be seen that it is from this source that the four new cases have arisen. A rough calculation would suggest that the incidence of tuberculosis is probably around thirty times as great in this group as against the amount in the general population and such a figure is comparable with results obtained on a much larger scale in Birmingham and in Bradford. This is a disturbing fact at which one cannot conceal one's uneasiness. I said last year that tuberculosis had become a relatively rare disease but if this trend continues one fears that the problem may again become a more important one. This, however, is a matter of much wider importance than our purely local concern and it no doubt reflects the fact that in many medical quarters there is uneasiness as to the adequacy of the examinations of any entrants into this country from any part of the world. Our arrangements in this respect are not of the same standard as those adopted, for example, by the United States.

In regard to tuberculosis, I find it most satisfactory that among the many thousand of animals inspected at the slaughterhouse not even a single case of tuberculosis was discovered. Again it is most satisfactory that none of the milk samples were found to be infected.

It will be seen from Mr. Walnsley's report that there still remains a considerable amount of work to be done in the matter of housing.

I thank the Council for its consideration and support throughout the year and the Clerk of the Council and Mr. Walnsley in particular whom I have always found to be such pleasant and co-operative colleagues.

I am,

Your obedient servant,

R. C. Webster,

Medical Officer of Health,
Great Harwood U.D.C.

SUMMARY OF STATISTICS AND SOCIAL CONDITIONS

GENERAL

Area in acres	2,868
Number of inhabited houses (1.4.69.)	4,101
Number of Commercial premises etc.	923
Miscellaneous	,132
Rateable Value	£273,300
Sum represented by a penny rate (1969)	£1,127
Population at 1961 Census	10,718
Estimated Population for 1969	11,050

CHIEF INDUSTRIES IN THE AREA

The principal industries are the manufacture of cotton goods, light engineering trades, footwear, coated felts, floor coverings, food manufacture and packing.

ANALYSIS OF BIRTHS AND DEATHS

GENERAL PROVISIONS

of the

HEALTH SERVICE

HEALTH SERVICES AVAILABLE TO GREAT HARWOOD

<u>Divisional Health Committee</u>	Office at 19, St. James Street, Accrington, Telephone Accrington 34223
<u>Divisional Medical Officer</u>	Dr. R. C. Webster
<u>Ante-Natal Clinics</u>	Water Street, Great Harwood. Every Thursday morning.
<u>County Clinic</u>	High Street, Rishton. First and third Wednesday each month.
<u>Child Welfare Clinic</u>	Water Street, Great Harwood. All day every Wednesday. Immunisation and U.V.R., by appointment.

For the following services:-

Day nurseries, Domestic Helps, Mental Health Service,
Accommodation for the elderly (not sick) persons.

Enquiries should be made at the Divisional Health Office,
19 St. James Street, Accrington.

<u>Divisional Education Executive</u>	Divisional Medical Officer, Dr. R. C. WEBSTER
---------------------------------------	--

School medical routine and special examination.

Minor ailment clinic every Friday morning.

Opthalmic and Orthopaedic Clinic (by appointment) at
High Street, Rishton.

LABORATORY FACILITIES

All pathological and bacteriological work for the Health Department is carried out at the Public Health Laboratory at Preston.

AMBULANCE SERVICE

This service is administered by the No. 5 Health Division of the Lancashire County Council. The ambulance station is at Altham.

HOME HELP SERVICE

The Home Help service is administered by the Divisional Health Authority.

MATERNITY AND CHILD WELFARE

A weekly clinic is held for children under five years, and a pre-natal clinic is held once a fortnight. The duties are under the control of the Divisional Health Authority. The clinic is situated in the Water Street Health Centre.

DAY NURSERIES

There is one day nursery in the town administered by the Divisional Health Authority.

HOSTEL ACCOMMODATION

One hostel is available for aged persons. It is operated by the County Council and has accommodation for thirty-nine men and women.

41 flatlets are available for aged persons supervised by a full time warden.

GREAT HARWOOD URBAN DISTRICT COUNCIL

R E P O R T

of the

PUBLIC HEALTH INSPECTOR

and

CLEANSING SUPERINTENDENT

Mr. Chairman, Lady & Gentlemen,

I have pleasure in presenting the Annual Report of the Health Department for the year 1969. Satisfactory progress was made with Smoke Control and increased inspections were possible under the Offices, Shops & Railway Premises Act and food premises. An appreciable amount of time was spent at the private abattoirs as will be seen from the meat inspection figures.

The reduction in the number of waste water closet conversions was disappointing and it is becoming difficult to get this onerous work carried out. It is pleasing to report that progress is being made in modernisation of licensed premises.

I should like to thank the Health Committee for their interest and support during the year.

Yours faithfully,

G. Walmsley,

Public Health Inspector

THE UNIVERSITY OF CHICAGO

I have pleasure in recommending to your Board of Trustees the following for admission to the University of Chicago in the fall of 1911. The following are the names of the students who have been recommended by the Faculty of the University of Chicago for admission to the University of Chicago in the fall of 1911.

The following are the names of the students who have been recommended by the Faculty of the University of Chicago for admission to the University of Chicago in the fall of 1911.

I am sure that the Board of Trustees will find the following list of students to be of great value to the University of Chicago.

Very truly yours,

W. D. H. H.

5. Unfit Houses Closed:-	Number Displaced during year from houses to be demolished or closed	
	Persons	Families
(i) Under S.16(14), S.17(1) and S.35(1) Housing Act, 1957 and S.26 Housing Act, 1961	-	-
(ii) Under S.17 (3) and S.26 Housing Act, 1957	-	-
(iii) Parts of Buildings closed under S.18 Housing Act, 1957	-	-

6. Unfit Houses Made Fit:-	Number
(i) By owner after informal action by local authority	20
(ii) After formal notice under S.9 and S.16 Housing Act, 1957	
(a) by owner	-
(b) by local authority ..	-
(iii) After formal notice under Public Health Acts	24
(iv) After modification or revocation of a clearance order under S.21 Housing Act, 1961.	-
(v) After determination of a demolition order under S.24 Housing Act, 1957	-
(vi) After determination of a closing order under S.27 Housing Act, 1961	-

7. Purchase of Houses by Agreement:-	Number of Number of occupants Houses of houses in Col. 1	
	(1)	(2)
Houses in clearance areas other than those included in confirmed orders or compulsory purchase orders	4	-

SANITARY ACCOMMODATION

68 waste water closets were converted during the year, 32 being converted or renewed due to standard grant improvements. There are approximately 942 waste water closets still remaining in the district. The Council grant towards the cost of conversion is £15.

FACTORIES

There are 55 factories including bakehouses on the register and 25 visits were made during the year.

RODENT CONTROL

All rodent control and disinfection work was undertaken by Messrs. Rentokil Ltd.

The following details show the amount of work carried out during the year

	TYPE OF PROPERTY	
	Non-agricultural	Agricultural
(a) No. of properties in district	5137	18
(b) Total number of properties (including nearby premises) inspected following notification	107	5
(c) No. of (b) infested by - rats	68	5
mice	39	-
(d) Total number of properties inspected for rats and/or mice for reasons other than notification	9	-
(e) No. of (d) infested by - rats	4	-
mice	1	-

CARAVAN SITES

One site is licensed for 60 holiday caravans. The site was well maintained during the year.

OFFICES, SHOPS & RAILWAY PREMISES ACT

Details of inspections are as follows:-

	Offices	Retail Shops	Whole-sale shops, ware-houses	Catering Estab-lishments open to public, canteens	Fuel Storage Depots
(i) No. of registered premises at end of year	13	35	1	1	-
(ii) No. of registered premises receiving a general inspection during the year	8	25	1	1	-
(iii) No. of exemptions current at end of year	-	-	-	-	-

CLEAN AIR ACT

No. 1 Smoke Control Order was confirmed by the Ministry during the year and the details are as follows:-

1.	Total number of industrial premises	4
2.	Total number of commercial premises	13
3.	Total number of privately owned dwellings	362
4.	Total number of local authority dwellings	229
5.	Total number of other premises	9
6.	Total acreage (approximately)	320

NOISE ABATEMENT ACT

No action was required during the year.

REFUSE COLLECTION & DISPOSAL

A weekly collection of household refuse was maintained throughout the year although the volume of refuse increased. More use of paper sacks used as bin liners helped considerably and this method has much to commend it even though the cost of sacks is fairly substantial.

The vehicles operated by the Health Department are as follows:

One Gibson Pendulum	8-12 cu.yd. compressor
One Karrier Ramillies	8-12 cu.yd. "
One S.D. Pakamatic	35 cu. yd. "
One Johnston Suction Sweeper	
One Weatherill 12H Loading Shovel
